Yada is proud to be the only Cicchetti Bar in Tennessee and the originator of BRUNCHETTI. We believe dining should be an experience that is shared. We are committed to using the best and freshest quality ingredients available, executing our recipes using traditional scratch methods and providing service that showcases that commitment.

Cicchetti are small snacks or side dishes, typically served in traditional "bàcari" in Venice, Italy. Each dish is designed to be shared by 4 people, with each person enjoying a couple bites. Like Spanish tapas, one can also make a meal of cicchetti by ordering multiple plates (we suggest 2-3 plates per person).
